|                                                                                          |                                                                |
|------------------------------------------------------------------------------------------|----------------------------------------------------------------|
| <b>Minutes</b>                                                                           |                                                                |
| Points listed are not in the order of discussion but capture the essence of the meeting. |                                                                |
| 1                                                                                        | Reviewed the system architecture and overall project progress. |
| 2                                                                                        | Reviewed the project prototype and skeleton.                   |
| 3                                                                                        | Discussed the need to document the SPI model approach.         |

|              |                                                                                     |
|--------------|-------------------------------------------------------------------------------------|
| Action Items |                                                                                     |
| 1            | Document the SPI model approach and share it with the team.                         |
| 2            | Prepare and add the Process Matrix to support the SPI model documentation.          |
| 3            | Continue development based on the approved SPI model.                               |
| 4            | Enhance and finalize the prototype and skeleton according to the reviewed feedback. |
| 5            | Start working on the data base                                                      |

|                     |                        |
|---------------------|------------------------|
| <b>Next Meeting</b> |                        |
| <b>Time</b>         | Tuesday ,10/march/2026 |
| <b>Place</b>        | zoom                   |

|                    |               |
