AI-Medical Triage System Thesis

Place	Zoom
Date and time	April 7, 2026 4:15 pm
Attendees	
	Mohamed Maher Ahmed Maher Adham Amir Ahmed Hassan Aly Essam Amr Samir

Minutes	
Points listed are not in the order of discussion but capture the essence of the meeting.	
1	The team presented their progress in the project and their PATM. PATM is missing clearly the implementer/reviewer in the matrix.
2	The doctors emphasized to check the possibility of a practical and reliable dataset sourced from معهد البحوث to improve system accuracy.
3	It was agreed to arrange a meeting with Dr. Marina for further medical validation and guidance.

Action Items	
1	Define and document roles (owner vs implementer) in PATM.
2	Contact research institute to obtain a practical medical dataset.
3	Schedule a meeting with Dr. Marina.
4	by the next meeting, there should be significant progress in the triage.(Doctor referrals, auto-appointment scheduling, use of SSN الرقم القومي, better UI/UX for the patient's triage)
5	review model MedLM, check the data it was trained on, review its architecture and the pipeline of the system
